

Testimony's Life

I am Nwokedu Augustina Chimwendu (Mrs) (Testimony's mother). I write Unbehalf of my daughter Testimony.

My name is Nwokedu Testimony Chimwendu. I was born in May 21, 2015 in my Country Home Nigeria.

I was born with a Swallow face called Hemangioma. My Parents ~~start~~ ^{started} taking me from one Hospital to another in solution ^{of} my facial Swallow. My mother nearly died after her nine (9) months in pains her joy turned to something else, but God gave her the Heart bear it. People gathered to look at me especially my fellow Children where-ever I go, which makes me to feel that I am not like them. Some ~~think~~ ^{laughed}
